Sir:

PRELIMINARY AMENDMENT

Please amend the application as follows:

In the Claims:

Please add new claims 33 to 44, as follows:

- al
33. A stroller having a forward end and a rear end and a long axis extending through the forward end and the rear end, the stroller comprising: a plurality of wheels for supporting the stroller including at least one front wheel positioned forward of the stroller's centre of gravity and rear wheels; a frame supported by the wheels having main frame members including front wheel supports for engaging the at least one front wheel, a handle bar for grasping and moving the stroller and rear wheel supports for engaging the rear wheels; a seating area supported by the frame; and a pocket recessed into the seat area and positioned to be between an occupant's legs when positioned in the seat.
 34. The stroller of claim 33 wherein the seat area includes a front facing panel and the pocket is recessed into the front facing panel of the seat area.
 35. The stroller of claim 33 wherein the seat area includes a top support area and the pocket is recessed into the top support area.
 36. The stroller of claim 33 wherein the pocket is sized to accommodate a drink bottle.
 37. The stroller of claim 33 wherein the pocket is formed of flexible materials.
 38. The stroller of claim 33 wherein the pocket includes a thermo-insulative material.
